

Sunny Baskets & Containers

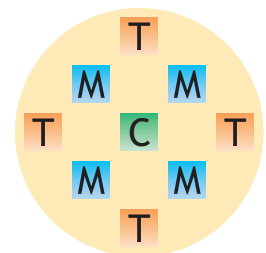

This is by no means a listing of every available plant. I have listed the ones we feel are best in sun containers but feel free to try things you see that list sun on the sign. If you have any suggestions on how to improve this sheet please let June know at springbankgreenhouses@sympatico.ca or telephone # 905-278-5964.

For a 12" - 14" POT -

Plant 4 plants around the edge spaced equally (mostly trailing)

1 upright plant in the center if you want (not necessary)

3-4 plants evenly spaced around middle of pot
(between edge and center)

Note: I have listed the petunias under trailing but they could be part of the middle plants too.
